GENERAL SPORTING NEWS OF THE DAY a week is unheard of.

at least there is a cool and honest \$1,000 for the

Captain R. S. Oakes, who for years has been in the employ of Joseph Walton & Co., arrived in the city from Wellsburg yesterday, and pro-ceeded to the shooting gallery of Mr. Slapnack, on Smithfield street, specially prepared to match a Mr. Applegate, of Wellsburg, to shoot Huggins for \$500 or \$1,000 a side. The Captain has never been known as a bluffer or anything like. He is well stocked with this world's wealth and means business every time. He soon made known his mission to Mr. Slapnack, and, producing a checkbook briefly, stated that the Wellsburg people had heard great reports

HUGGINS AS A RIFLE SHOT, and they thought that Mr. Applegate could beat him. At any rate, Captain Oakes stated his willingness to put up a forfeit of \$250 to

Mr. Slapnack was just as willing to match Mr. Huggins, but besitated in doing so until the latter's consent could be obtained. Mr. Huggins unfortunately was at the Pittsburg Rifle Club shoot, and could not be seen before Captain Oakes left for home. The Captain, however, definitely stated that his challenge would remain open for two weeks, as it was made in good faith. He left his address so that Mr. Slapnack of anybody else could ar-

range a match as speedly as possible.

Mr. Huggins was seen by the writer last evening and questioned regarding the chal-lenge. He said: "I have no doubt but that the challenge is made in good faith. While I'm not inclined for the public to think that I'm breaking my neck for a match I'm perfectly willing to accommodate Mr. Applegate for \$1,000 a side. I can guarantee him a match for that amount. I will shoot him 200 shots at 200 yards at the regular eight-inch target; or, I will shoot him 100 shots at 100 yards at a four-inch target. I will also consent to shoot him under

ANY REASONABLE CONDITIONS: that is, any fair conditions under which any-body else contests. I am willing that the match take place on any neutral grounds. I think he cannot object to my terms.

"However," continued Mr. Huggins, "it is surprising the number of challenges I receive. Many of them are what would be called 'bluffs' Many of them are what would be called 'bluffs' and some are ridiculous. People will come into my gallery and offer to shoot me three shots at a 200-yard range for \$100. These are simply absurd challenges. A contest of 100 shots will prove who is the better man, because in a match of that kind skill has a chance. I hope that Mr. Applegate's challenge is lived up to by the party behind him."

Mr. Applegate is a comparatively unknown man here. He has, however, been known as a rifle shooter by patrons of that sport for many years. In 1877 he defeated Mr. Huggins in a 75-yard contest by two points. Since then he has taken part in many contests in the neighborhood of Wellsburg. His records have been so good that it is understood a syndicate has been formed at Wellsburg to back him against Mr. Huggins. The latter can secure any amount of backing in this city; in fact, one gentleman inst night offered to stand \$500 in his stake.

The indications are that a match between the The indications are that a match between the two gentlemen will be made. If it is, the contest will certainly be of great importance, because the fame of Mr. Huggins is international. If Applegate or anybody else can defeat the Flitsburger, the shooting will be great, and an enormous amount of money would go out of Pitzaburg.

A reporter called at Tim Keefe's office vesterday and asked him if he would take part in the games against the Brooklyn club. "Yes," said he, "if I sign by that time."

"Well, not before the meeting of the Ball Players' Brotherhood, any way. The brotherhood will meet on Tuesday next, and the outcome may be a surprise to some people. I see that the sporting papers claim that everything is now settled and the men satisfied. Such is is now settled and the men satisfied. Such is not the case. Although there may be no outward show of trouble, there is a deep undercurrent which is likely to cause no end of trouble at any time. Everything may be fixed up all right, but I doubt it. I expect Ward on Friday or Saturday, and we will go over the natter together before the meeting."—New Fork Sun.

GLASGOW, March 21-[Copyright.]-The special train carrying the American baseball teams pulled into the Caledonian railway station at 6:50 A. A fair estimate places the number of people who visited the station at between 30,000 and \$0,000, large numbers coming in on the trains. The storm fortunately did not reach Glasgow, and the weather was clear, though a trifle cold for baseball. There was a large crowd at the depot when the players left for the grounds. good view. The game was a well-played one, though onesided. The spectators were rather cold and critical, but applauded the clever fly catches and strong batting, of which there was an abundance. Out of deference to the English desire for plenty of batting, the pitchers did not exert themselves in the matter of speed, depending more particularly on deception and Crane and Baldwin were the twirlers, and the former was by far the most effective. Only six hits were made from his delivery. Only seven innings were played to decide the contest, the score then standing: All-Americas, 8: Chicagos, 4. The work of Earle, Crane and Fogarty was most noteworthy in this respect, each of the two first making a two and a three-bagger and the last named three singles. The fielding was good on both sides, especially the fly catching of Fogarty and the backstop work of Earle. Healy played shortstop, and he did it will. Here is the score of the game by innings:

Mr. Mc-Ateer was elected President; B. G. McGrew, First Vice President; John Jones, Secretary, and R. W. Patterson, Treasurer. The initiation fee was fixed at \$3, and the monthly dues at 25 cents. The Herron Hill Gun Club's Brunet Island Programme.

Elmer Shaner and other members of the Herron Hill Gun Club were at Brunot's Island yesterday laying out plans for the club's new grounds there. Excellent shooting boundaries were mapped out and the site selected for a commodious and handsome club house. It is intended to make the grounds equal to any in the State. Now that the plans have been definitely laid out work will be commenced at once to have the buildings erected.

The members of the club expect that this will be a busy season for them. There will be several big tournaments and probably some special contests between teams of the various local clubs.

SOLDIERS' ORPHANS RUN AWAY.

They Allege That They Were Treated in a Cruel Manner.

SPECIAL TELEGRAM TO THE DISPATCH.1 BRADDOCK, March 21 .- Four boys who ran away from the Soldiers' Orphan Home, at Uniontown, were picked up today by the Braddock police. Their names are Samuel Ream, James Hart, James Mitchell and John McWilliams. The three first named are in their 15th year, and visiting friends here says that he cannot fight McWilliams is two years younger. Mr. Charles Passavant, connected with the home, arrived at Braddock this afternoon and took the boys back.

The boys told a singular story to the police, alleging ill treatment at the home. They said that the order given some time ago to increase the amount of food has not en obeyed. Instead of receiving more they get less, and frequently do not get enough to eat. Ream said they were sub-jected to all kinds of abuse. On more than one occasion, he said, he had been whipped with a broad hickory paddle until the blood streamed down his legs, and the marks of the welts stayed with him for days

This punishment, he said, was inflicted for talking at the table. While he was being put through this course of treatment his hands were tied behind his back. All the boys coincided with him when he re-

IT MOVES TOO SLOWLY FOR THEM.

Notwithstanding They Are Getting the Cream of Everything,

Navy Yard. New York continues, as ever, the bane of the administration. Already the grumbling gathered to see it. The special train was looked and mumbling of disgruntled politicians is on as an extraordinary event in railroad travel- heard all over the State. The reason for it all is that President Harrison isn't considered by "the boys" to have "got a move on him" yet. He is too slow for them.

NEW YORK, March 21.-If President Harrison does not hurry up and do something decisive he will find "the boys" beginning to say he is trying to imitate Mr. Cleveland in all the dreadful things the New York warriors accused him of doing at the opening of his administration. Bad as the suspense in New York is, the respectable and highly-culivated element that had dominated the party in the now debatable ground in Kingscounty think they are in a far worse plight. It is un-derstood that ex-Senator Albert Daggett, who night becalled the Johnny O'Brien of Brook-Coney Island Democrat, has to be well taken care of, and so does "Mike" Dady.

WILL TAKE 'MOST ANYTHING. And then "Judge" John Rooney, who nolens volens fastened himself on the party as an "Irish leader" last year, thinks he can be trusted with whatever is left. The "Judge" is solid with Blaine, and interested with John C. New in an electric light scheme. In all these arrangements no room is assigned for such Republicans as ex-Mayor Low and the class he represents and who were supposed to be the represents, and who were supposed to be the very marrow of genuine Kings county Re-publicanism. New York well sustains her outation of being the bane of the national administration, irrespective of politics, be-cause of her factional disputes. And as if these local troubles were not enough, the Legislature is piling on the agony by its course in trying to defend the shameful ceiling job and punish the newspaper correspondents who were mainly instrumental in exposing the corruption.

NAVY YARD SPOILS. The initiatory measures of preparation for the rapid work of the political guillotine at the navy yard have been in a very quiet way on foot for sometime. The Democrats are resigned to the fate that will overtake them about April 1. New York, it is thought, will come in for the usual one-third of the navy yard patronage, while Kings county will apportion the remainder. The policy to be followed in making the changes will be the removal first of the Democratic foremen, for the reason that the "workingmen" must be taken care of first, since they cannot afford to wait, as those who are seeking clerkships and other soit berths can do.

Littell, in the Supreme Court, for absolute divorce, and to-day Lawyer George F. Elliett, in opposing the motion for alimony and counsel tees pending the suit, presented an affidavit made by the plaintiff. It sets forth that the supposed 12-year-old child of the couple was not there offspring at all, and that the defendant had told him under oath that while

he was absent she had a new-born babe smuggled into the house, sent for a nurse and doctor, and deceived the plaintiff by representing that the child was hers. He also deposed that his wife had led a very rapid life for several years, was a constant attendant at the race tracks and an inveterant poker player, and that her diary showed her winnings and losses. Lawyer Dailey, on behalf of Mrs. Littell, said it could be shown that she was the victim of a conspiracy, and asked for time to answer her husband's allegations.

Mrs. Lebkuechner Acquitted of the Charge

of Killing Her Children. [SPECIAL TELEGRAM TO THE DISPATCH.] NEW YORK, March 21,-Mrs. Wilhelmina Lebkuechner, who has been on trial before Judge Gildersleeve for a week, charged with murdering her children, a year ago, at 528 West Twenty-sixth street was acquitted to-day, on the ground that she was mad when she poisoned all three of her children, killing two of them. The jury went out at 3 P. M. and returned at 5:45, P. M, for instructions as to the law defining insanity. Judge Gildersleeve told them that there could be no conviction unless the defendant had sufficient control of her reasoning faculties to form a criminal intent. The jury retired, and in ten minutes re-turned with a verdict of not guilty. The jury had stood nine for acquittal and three for conviction from the first. The three for conviction, after the visit of the jury to the courtroom, immediately went over to the majority. Mrs. Lebkuechner displayed not the slightest emotion at the verdict.

MR. WANAMAKER VICTIMIZED Pretty Young Woman and Her Husband

Beat Him Out of Some Clothing. PEPECIAL TELEGRAM TO THE DISPATCH. PHILADELPHIA, March 21. - J. F. Allen, a young man with several aliases, and his pretty 16-year-old wife Sadie, who were arrested yesterday by Detective George Smith, of Wanamaker's store, had a hearing to-day before Magistrate Pole on the charge of having defrauded Mr. Wanamaker out of clothing worth \$85. Harry Shuman, employed at the store, testified how he had delivered the clothing at the Girard House, and that the defendant had

given him the slip.

Mrs. Evelyn A. Monroe, an aunt of Sadie, living at 32 West Thirty-first street. New York, said that the girl's mother died when the child was 2 years old, and she had raised her. Allen was in the real estate business at 479 Broadway, and Sadie obtained employment there as a clerk. Two weeks ago she told her aunt that she was going to marry Allen, but Mrs. Monroe remonstrated with her. The girl replied that if her aunt did not consent she would run away with Allen. Finally Mrs. Monroe consented, and they were married by the Bev. Dr. Houghton on March 7. On the following morning Mrs. Monroe visited Allen's office and found that he had fled. Sadie said that Allen had found here to be as the did here.

and found that he had fled. Sadie said that Allen had forced her to do as she did by beating and choking her.

Chief Wood said that he had information that Allen had a wife and three children, and asked that he be held for a further hearing. The prisoners were held in \$1,200 bail each for their appearance on Monday next. Mrs. Monroe said that she would send to New York for bail for Sadie, but she would like to see "that scoundrel, Allen," sent to jail. Sadie fainted when about to enter the van, and had to be lifted into it by two policemen.

NEW MEXICO TRAIN ROBBERS. They Hold Up a Train and Go Through the

Express Car.
[SPECIAL TELEGRAM TO THE DISPATOR.1 ALBUQUERQUE, N. MEX., March 21 .-The east-bound Atlantic and Pacific express was "held up" last night at Canon Diablo by four men, who plundered the express car. Express Messenger Knickerbocker says that four men boarded the engine a Canon Diablo station and leveled their weapons at the engineer and fireman. One of the men stayed on the engine while the others took the fireman off. They then fired

several times in the air. Knickerbocker

had just made his exchange with the station agent, and on hearing the shots closed the doors, putting out the lights.

The fireman who was in the clutches of the robbers then came to the door of the express car and knocked. Knickerbocker asked who was there, and a response came from the fireman. The agent then opened the door when in walked three masked men. One held a revolver at his head and the others went through the contents of the company's express, taking what local traffic in money had been received by the agent from Los Angeles, amounting to be-tween \$2,000 and \$3,000. Knickerbocker says the first report relative to robbing the passengers is incorrect, for the robbers took to the plains after robbing the express car.

NOT READY FOR A HANGING.

Governor Benver Grants a Respite to th Philadelphia Murderess. ISPECIAL TELEGRAM TO THE DISPATCH.

HARRISBURG. March 21. - Governor Beaver this evening granted a respite to Mrs. Whiteling until April 24, owing to the short time between the refusal of the Board of Pardons to recommend the commutation of her death penalty and the date fixed for her execution. The respite to Mrs. Whiteling was granted at the request of Henry D. that Sheriff Krumbarr had not anticipated the early decision made by the Board of Pardons, and consequently he had made no preparations for the hanging of the mur-

tion with the statement that Mrs. Whitemute her sentence to imprisonment for life, and had never contemplated the possibility of her death on the gallows, and had consequently given no time to spiritual preparation. For these reasons the Governor de-cided to postpone the execution of the woman until the 24th of April.

March April' May Are the best months in which to purify you blood, for at no other season does the system so much need the aid of a reliable med ike Hood's Sarsaparills, as now. During the long, cold winter, the blood becomes thin and impure, the body becomes weak and tired, the appetite may be lost. Hood's Sarsaparilla is peculiarly adapted to purify and enrich the blood, to create a good appetite and to over-come that tired feeling. It increases in popu-larity every year, for it is the ideal spring

"Every spring for years I have made it a practice to take from three to five bottles of Hood's Sarsaparilla, because I know it purifies the blood and thoroughly cleanses the system of all impurities. That languid feeling, some-times called 'spring fever,' will never visit the system that has been properly cared for by this never-failing remedy." W. H. that it required longer time to make four heats with this gas than it would to make five heats with natural gas, and with the latter fuel, the work is easier. It is stated that it also required more ore to make a certain amount of tree.
